

Electronic Devices Policy

In keeping with our school focus on student achievement and a safe and caring environment, we strive to keep the school and classroom free from outside distractions that may affect student learning and the orderly conduct of the school.

To this end, we ask that electronic devices (cell phones, iPods, games, cameras, pagers etc.) be left at home.

If you would like your child to carry a cell phone for after school use, it must be kept in a back pack or locker and be turned off during the school day.

All classrooms and office areas have phones for student use at the discretion of the teacher. We will enable student/parent communication during the school day.

Due to the large amount time required to recover lost/stolen electronic devices, the school will not investigate their loss or theft as this takes time away from instruction and our work with students.
